Teaching
Resource

Kayli Joseph

Workshop Leader

It's NOT TV !

It's Interactive Flannel Board Stories With Songs, Music And Movement!

presented by **Kayli Joseph**

This Workshop Is Designed Specifically For Teachers Of
Preschool–K Children

IN THIS WORKSHOP YOU WILL:

- *Rekindle your own creative excitement and bring it home to your classroom.*
- *See how music and repetition in song help children learn important life skills — while having fun!*
- *Discover how you can use music and songs in class — even without playing or singing a single note!*
- *Experience live, interactive flannel board storytelling with songs, music and movement.*
- *Enjoy live demonstrations and take home a helpful handbook of felt board resources and tips.*

HERE'S WHAT YOU WILL LEARN

- Creative pre-school curricula for all seasons
- Proven methods for presenting live, interactive flannel board storytelling lessons with songs, music and movement
- Exciting, new tools to captivate the children and focus their attention
- Innovative techniques for nourishing creativity, confidence, self-esteem and higher-level thinking
- To achieve new heights in class participation and learning comprehension
- Enhancements to your preschool & kindergarten curriculum in four major areas: language, mathematics, science and music
- You can actually have fun while teaching morals and values!
- Where to buy pre-made felt kits (in case you don't like using scissors!)

HERE'S WHAT YOU WILL TEACH

- | | |
|---|--|
| <ul style="list-style-type: none"> • Color recognition and counting • Intangible concepts like "secrets" and finding hidden objects • Respectfulness • Music theory/music appreciation! • Feelings, and how it's okay to have them • Cooperation, how to ask for help • Effective learning and memory enhancement techniques through repetition and song connection • Integrated language arts - without the big words! - including listening | <ul style="list-style-type: none"> attentively and participating courteously in group activities, predicting story outcomes, and drawing conclusions • Mathematics - without calling it math! - through patterns and relationships • Science - You'll use songs and felts to introduce children to the beauty of our natural and physical world and the language we use to describe it • Morals and Values |

A VERY INSPIRED AND QUALIFIED INSTRUCTOR: KAYLI JOSEPH

Take a deep breath! As an accomplished composer, performer, producer, songwriter, youth theater group music director, children's music recording artist and live television performer, preschool educator and mother of two, Kayli is well versed in musical creativity and the secret shortcuts that help children grow in their formative years. Kayli has performed her own unique curriculum in several New York schools — *scores of classrooms, for thousands of smiling children* — to cheers of praise from

the kids, parents, teachers and school administrators. Her **FeltSongs Workshops**, the latest addition to her impressive offerings, have garnered the highest possible marks from attendees, who always emerge refreshed, revitalized and inspired with new creative ideas. Kayli is the founder of **FeltSongs.com**, a budding resource for pre-school teachers who want the easiest way to bring this magical, musical storytelling with felts to their own classrooms.

WHAT YOUR COLLEAGUES ARE SAYING ABOUT KAYLI JOSEPH

"On behalf of [my] staff, I wanted to thank you for a most delightful workshop . . . The hour and a half just flew and the feedback that I got from everyone was all wonderful and positive. My teachers said they were just mesmerized, and could imagine the children feeling that way as well. Your voice is an instrument in and of itself; your stories bring a smile to everyone's faces. Your songs are cheerful and poignant and made us both laugh and cry. Your creative and colorful flannel pieces made us a captive audience. One of my teachers remarked that she could have listened to you for hours. Thank you for an evening well spent!"

– Robyn Teigman, Early Childhood Director

"Thanks for the joy!"

– Rhona J., Teacher

" . . . very creative, innovative and professional!"

– Fern Leff, Early Childhood Director

"Kayli has an exciting curriculum, using visual stimulation as well as the auditory . . . she keeps their attention and interest . . . generates enthusiasm and excitement in a vibrant yet gentle manner . . . Kayli is truly an excellent teacher . . . the teachers look forward to her inspirational sessions."

– Mrs. Joan Nathanson, M.S., SEIT - VCLC

"My colleague and I really enjoyed Kayli's workshop. We came back with many ideas to share . . . since I've been to her workshop we are using our felt board every day for many different activities and the kids love it."

– Avital Shuster, Teacher

"Kayli . . . has enhanced our music curriculum . . . for over 10 years . . . her music is always age appropriate . . . Kayli introduced the Felt Board . . . another way in which she demonstrated her understanding of the different modalities of learning . . . all of our children can truly learn with Kayli . . . [her felt board classes are] a true learning aid and a successful adjunct to the program . . ."

– Karen Landsman, Early Childhood Director

"Kayli's workshop was wonderful, and she did a fabulous job working with so many teachers in the room! . . . I have been singing 'Little Gray Mouse' with my 2 year olds all week. They LOVE it and I love watching their faces!!"

– Linda, Teacher

" . . . I went back and duplicated Kayli's felt boards from my sketches. I couldn't stop raving about her work!"

– Leslie, Teacher

" . . . very informative and . . . inspirational . . ."

– Malka L., Teacher
